

THE STABLES RESTORATION

Camden Park 2015-2016

VIEW OF STABLES. 1895

THE STABLES RESTORATION

**A presentation by John Macarthur-
Stanham to the
Camden Historical Society
8th June 2016**

**Artwork: Pauline Downing
Technical: Colin Howie**

“It will be simply a single building with six stalls and two boxes – very well-built and chained and all fittings to be very comfortable. I don’t see the necessity for grand stables.”

*Elizabeth Macarthur-Onslow to P. G. King,
28th May 1883*

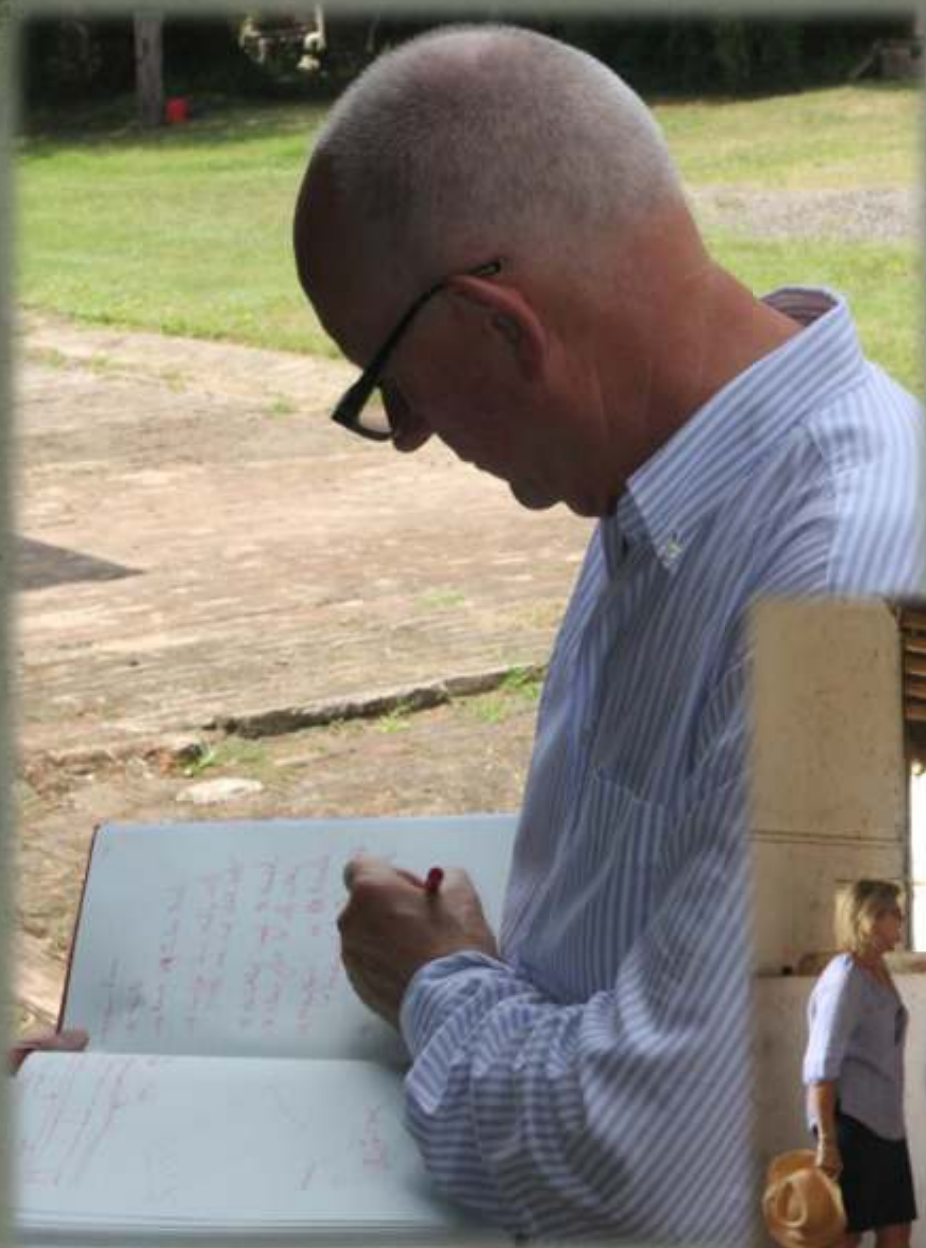

FIG. 233

DOUBLE-ACTING

LETTER "A"

Figure 233 is the same as Fig. 66 on previous page, with the addition of a cock on the discharge.

Fig. 154 is Fig. 66 on previous page, without the brake and stand, and mounted on short plank.

Flow, stroke and capacity shown under Fig. 26 on previous page.

As listed, the brass pumps have iron barrel.
